Q9 Please describe why you wish to be on Council (Statement of intent)

I have about 15 years of experience in Children's Rights. I have served on the UN Committee for the Convention on the Rights of the Child and has served its chair for 2 terms. What I see happening globally regarding all forms of violence against children is equally alarming and increasing in scope and nature. The human rights world and the professions working on CAN must have a strong cooperation/collaboration/and relationship in order to tackle the every changing nature of violence against children. When the Global Study on Violence Against Children was in the initial stages, I had participated in developing the questionnaire that was sent out to all governments. What we saw was that violence against children permeated all societies, in 5 settings that surround the child. The reason I have decided to run once again to be on the Council is to try to bridge the gap between human rights/advocacy and the field of Child Abuse and Neglect. I wish to help ISPCAN to have a more global reach, and become an organization that is truly multidisciplinary. Additionally, I want to help portray that ISPCAN is not just an organization that serves "Northern issues", but an organization that can address issues of the South, as well as empower practitioners and researchers from the South.

Q10 What special skill sets, expertise, relationships, etc do you plan to bring to Council if elected that you see as benefiting ISPCAN?
