PURPOSE

The purpose of the Child Safeguarding Policy is to state the position of the International Society for the Prevention of Child Abuse and Neglect (ISPCAN) regarding the prevention of and response to all forms of abuse, neglect, exploitation and violence towards children.

ISPCAN’s work is in line with the United Nations Convention on the Rights of the Child and all of the related supplemental protocols. Our work seeks to ensure that children are given the best opportunities to live a life of safety and well-being, with protection in their families and communities.

Child abuse, neglect, exploitation and violence against children are acts of profound disrespect to child rights. In principle and practice, it is our collective responsibility as a society to ensure that priority is given to children’s safety, welfare and wellbeing, in all settings and circumstances. ISPCAN advocates that all parties that interact with our organization ensure that children are protected in all circumstances and at all times.

ISPCAN PLEDGE

As an organization, ISPCAN pledges that it will act with honesty and integrity and commit to preserve and protect children’s safety at all times. Any activity or program we engage in with youth will use language and activities that respect and do not inflict harm of any kind.

ISPCAN staff, board, partner organizations, and members will be respectful towards children at all times and adhere to the ISPCAN Child Safeguarding Policy at all times. Furthermore, we acknowledge that children who have been victimized must be respected and protected.

 Violence in any form towards children, direct or indirect, will not be tolerated in ISPCAN. This includes verbal and written communication, cyber-space postings, physical actions or other abusive actions, including the disparaging treatment of children, adults, their culture, or family relationships.

KEY PRINCIPLES

ISPCAN and all parties engaged in any way with ISPCAN will:

• Take care to never abuse, exploit, or put children at risk of harm;
• Respect the privacy and rights of children;
• Respect the voice of children

GUIDELINES FOR ISPCAN BUSINESS PRACTICES

ISPCAN staff, officers, partners and members are expected to conduct themselves with utmost care and respect towards children in accordance with this ISPCAN Child Safeguarding Policy and to ensure child safety at the highest level by:

• Taking actions to immediately report any suspicions, incidents of concern, or potential child crime or maltreatment to local laws and to also report the alleged crime to the
Executive Director or a Board member.

- Local organizing partners or members of ISPCAN in the region will be consulted if country level processes are unclear in order to ensure proper reporting;

- All staff, volunteers, members, and board members attest to never committing a child abuse or neglect crime and adhere to ISPCAN standards of conduct.

- Ensuring that interaction with children occurring under ISPCAN auspices are safe, anonymous, and sensitive to not causing secondary trauma and especially when vulnerable children are known to be present;

- Safeguarding information about children who report alleged abuse that exposes them, their family or their community to risks of harm;

- Ensuring that all ISPCAN contracts and memorandums of understanding must include compliance with this ISPCAN child safeguarding policy.

**NON-COMPLIANCE WITH ISPCAN CHILD SAFEGUARDING POLICY**

Failure to comply with ISPCAN’s Child Safeguarding Policy at all times will result in the severing of the relationship with ISPCAN. Although ISPCAN is not responsible for the actions of others, we seek to educate and ensure the rights of children everywhere. There is a mandatory obligation for all ISPCAN associates to report any concern or suspicious behavior.

Actions taken for non-compliance with ISPCAN Child Safeguarding Policy:

1. A written report of the allegation reported to appropriate country authorities will be forwarded to ISPCAN’s Executive Director (execdirector@ispcan.org). A committee of 3 will be convened by the Chairperson of the Personnel Committee and a meeting held within 7 days or as soon as possible of the report being filed, to determine if any other disciplinary action is needed. A confidential record will be kept of the report, the committee process, any referrals and feedback from the referral and outcomes of the process for which only the Executive Director of ISPCAN and the Chairperson of the Personnel Committee has access.

2. The local and/or country level authorities will be contacted by ISPCAN to comply with local child abuse reporting laws. We recommend that the allegation will be referred by appropriate authorities for further investigation (social worker, policeperson, etc) in the jurisdiction in which the alleged offense has occurred.

3. ISPCAN recommends to the appropriate authorities that the child (and/or child’s family) should be referred for appropriate support and treatment.

4. During the period of investigation, the ISPCAN Executive Director and assigned committee will determine if the individual involved will be suspended from all ISPCAN activities pending the outcomes of the investigation.

**Agreement of compliance with ISPCAN Safeguarding Policy**
By signing this agreement, you consent that you have read, understood and agree to abide by ISPCAN’s Child Safeguarding Policy at all times.
